INTEREST

CAREER OBJECTIVE

I am learning with a strong foundation in front-end and back-end web development. Skilled in HTML, CSS, JavaScript, and familiar with frameworks like React and Node.js, I am eager to apply my knowledge in real-world projects. I thrive in collaborative environments and am driven by a passion for creating intuitive and responsive websites.

Eager to learn, I stay up-to-date with industry trends and best practices to continuously improve my skills. I am excited to contribute my knowledge to a collaborative team and take on challenges that help me grow as a developer.

PROJECTS

- PERSONAL PROJECT
FEB 2024 - PRESENT
TASK MANAGER CLI APPLICATION
Developed a command-line interface (CLI) tool in Typescript to help users create, update, and organize tasks efficiently. Implemented features such as adding, listing, editing, and deleting tasks, with options to set priorities and deadlines.
- PERSONAL PROJECT
JUN 2024 - PRESENT
SIMPLE CALCULATOR
A basic web-based calculator built with HTML, CSS, and JavaScript. This project features a clean and user-friendly interface where users can perform simple arithmetic operations like addition, subtraction, multiplication, and division.
- PERSONAL PROJECT
AUG 2024 - PRESENT
PORTFOLIO WEBSITE
A personal portfolio website built with Next.js and styled using Tailwind CSS. It showcases my projects, skills, and experiences with a responsive and modern design, providing a seamless user experience across devices
- PERSONAL PROJECT
NOV 2024 - PRESENT
TRAVEL AND TOUR WEBSITE
A visually appealing and responsive tour and travel website UI designed using Next.js and Tailwind CSS. The website offers seamless navigation, showcasing travel packages, destinations, and booking features with a responsive, modern design optimized for all devices
